

WHAT'S ON GUIDE

WELCOME TO OUR OPEN EVENT

CHIEF EXECUTIVE AND PRINCIPAL'S WELCOME

I am absolutely delighted that you have chosen to study with us, here in the Black Country.

I am sure you will find the time that you spend with us rewarding and that the friendly and supportive college environment will assist you in your studies and help you make many new friends.

If you ever need any help or support whilst you are at the college, or if you have any concerns or suggestions for improvement, then please do not hesitate to contact me directly or talk to your tutor, your Curriculum Manager or Learner Services. We want to hear from you.

From all the staff and governors of the college, we wish you every success in your studies.

Neil Thomas

Neil Thomas,
Chief Executive & Principal

1. Choose Your Campus

Each of our campuses are home to different course areas, so it's helpful to check that the campus you're visiting offers the course(s) you'd like to study. You can visit as many subject areas as you want during your time with us!

2. Meet Our Tutors

Our tutors will be on hand to talk to you about the course(s) you're interested in, including what you'll study, entry requirements, work experience opportunities, progression routes, trips and activities.

3. Attend a Discovery Talk

Attending a discovery talk is a great way to find out more about your options. All our talks offer informative and useful information, so attend as many as you can during your visit.

4. Discover College Life

As well as exploring your chosen course, you can tour our campuses and find out more about college life. Look around our facilities and stop by our information hubs to learn more about our support services, ask us your questions and meet Dudley Students' Union.

5. Ask Your Questions

Our open event is the perfect opportunity to get all of the important information you need. So don't be shy, ask away! By asking the right questions, you'll be able to make an informed decision about your future choices.

6. Apply

Our friendly support staff will be available at each of our campuses to help you make an application to study with us.

APPLY NOW

Vocational Courses

Vocational courses are hands-on training programmes, designed to prepare you for employment in your chosen area of study. You will study one subject for the duration of your course, meaning you will gain specialist knowledge and skills.

T Levels

T Levels are new qualifications, following GCSEs. They are technical courses and are equivalent to 3 A Levels. You will study one subject for 2 years and undertake 315 hours (45 days) of work placement, meaning you will have expert skills and knowledge to progress in your chosen career.

A Levels

A Levels are subject-based courses, available in a wide range of topics. You will study 3 or 4 different subjects over two years, and you will be assessed largely through examinations.

Apprenticeships

An Apprenticeship is a real job combined with studying. Typically, you will work four days and attend college one day a week to complete the theory element of your training.

Adult Courses

We offer part-time courses in a wide range of subjects to help you gain recognised qualifications and improve your career prospects. Whether you're looking to completely change career direction or upskill in your existing career – we're here to help you get ahead in life. Funding is available for some courses meaning you may be able to study for free.

Higher Education

Gaining a Higher Education qualification can help you access greater academic and career opportunities allowing you to boost your future prospects.

Professional Courses

Upskill and empower your employees to become more productive and motivated. We have a range of courses that will help your employees gain the necessary skills and qualifications to support your business.
